

Revised 04/15/26

**Cape Cod Senior Resource Group – Members**  
**Residential Living**  
Independent Living, Assisted Living, Memory Care, 55+, 60+

**The following icons designate which services are provided by the facilities below:**

-  **Independent Living:** Designed for seniors wishing to live independently in a community setting. Amenities may include private apartments, meals, 24-hour security, and more.
-  **Assisted Living:** One option for those no longer able to live safely at home, but not needing the services of a skilled nursing facility. Those communities provide housing and care for those needing help with activities of daily living. Examples of assistance can include personal care, medication management, meals, laundry service, and housekeeping – all in a homelike, social setting.
-  **Memory Care:** Provides specialized residential care for people living with Alzheimer’s disease and other forms of dementia, typically at the middle and later stages of the disease.
-  **55+ Communities:** Designed for older adults (at least one household member must be age 55) who are able to live independently and who don’t require the services that retirement, assisted living, or memory care communities provide. Many communities have access to social activities (fitness and recreation facilities) and community amenities (yard maintenance services).
-  **60+ Communities:** Designed for older adults (at least one household member must be age 60) who are able to live independently and who don’t require the services that retirement, assisted living, or memory care communities provide. Many communities have access to social activities (fitness and recreation facilities) and community amenities (yard maintenance services).
