

Revised 09/22/26

Cape Cod Senior Resource Group – Members
Senior Living Communities & Facilities
Independent Living, Assisted Living, Memory Care, 55+, 60+

The following icons designate which services are provided by the facilities below:

Independent Living: A senior community where residents are physically independent but appreciate living with other people the same age and the community lifestyle. Provides an abundance of activities, social events, travel opportunities, and fine-dining options.

Assisted Living: A residential setting that provides housing, meals, and personal care services to individuals who require assistance with daily living tasks but do not need the constant supervision and medical care provided by a skilled nursing facility.

Memory Care: Specialized residential care designed for individuals with memory loss or dementia. A safe, secure, and supportive environment that focuses on meeting the unique needs of residents.

55+ Communities: Designed for older adults (at least one household member must be age 55) who are able to live independently and who don't require the services that retirement, assisted living, or memory care communities provide. Many communities have access to social activities (fitness and recreation facilities) and community amenities (yard maintenance services).

60+ Communities: Designed for older adults (at least one household member must be age 60) who are able to live independently and who don't require the services that retirement, assisted living, or memory care communities provide. Many communities have access to social activities (fitness and recreation facilities) and community amenities (yard maintenance services).
